The aim of the M.N.C.M.R.C. Inc. is to promote friendship and help fellow restorers and collectors of vintage machinery. Meetings are usually held on the third Sunday of each month and incorporate a "Play Day" where members work on various projects. Anyone having trouble with a restoration is welcome to bring it along so they may benefit from the experience of other members.

The Club was formed in 1994 and we have gained a reputation for hosting one of the best vintage machinery rallies in Australia, the "Rusty Iron Rally" on Father's Day weekend each year at Macksville Showground.

Thank you for joining our Club, we look forward to seeing you at meetings and "The Rally".
